

# DAWN READY TO FLY

Submitted by **mkavaya** on Tue, 09/14/2010 - 11:27

- **DAWN**

Flight Date:

Monday, September 13, 2010

Although the equations to calculate the wind from DAWN signals has finally been found, DAWN remains YELLOW until the flight software is updated and winds are displayed for everyone during flight. MJK

Status:

Yellow
